September 2009

TAX, TAX & MORE TAX

It has been some time since the Council has run a seminar on tax issues and with current proposals before Government, it is timely for our members to update themselves on the tax issues which impact on us on a regular basis.

September's seminar will provide our members with not only an insight into recent cases which are interesting and affect our clients on a day to day basis but also matters that pertain to tax issues surrounding trusts.

In addition, the idea of a land tax is "floating around as an issue". The Government has an aim of reducing personal, corporate and trust tax levels to 30%. Could this be assisted by the introduction of a land tax and an increase in GST?

In the event that there are further developments regarding the proposed land tax prior to our seminar, our presenter will comment on these issues.

Guest Presenter – Denham Martin

Denham Martin is a Barrister specialising in advising on aspects of tax and trust law. Formerly a tax and commercial law partner with Chapman Tripp, and now principal of his own specialist tax and trust law practice, Denham has had over 20 years assisting clients with tax and trust issues and disputes.

Denham is a very experienced seminar presenter and has published extensively on technical tax and trust topics both here and overseas.
